About LAU - NYAC

Website Brief

BRIEF: LAU - NYAC

LAU would like to create a new website:

- Informative website.
- Revamp the online presence for NYAC.
- Establishing a location that serves as a true educational center for both New York and Lebanon.
- To establish a multidisciplinary center for ideas and exchanges between the Arab World and the United States, in collaboration with other Arab-American educational institutions.
- Will require a hosting (no current one existing).
- Create templates based on the html markup they will provide.
- Website should work on most browsers.
- Security provided for the website.

Process Details

Development

PROCESS.

PROCESS DETAILS.

1- WEBSITE DESIGN & DEVELOPMENT

Greynab is built on the love of Design – where concept, strategy and creativity inspire and produce highly crafted results. We seek to create things that challenge the ordinary and produce highly creative results leaving an unforgettable mark in everything we do.

2- DIGITAL OPTIMIZATION

Because we have so much experience in SEO and SEM, we have learned to recognize the difference between good and bad websites. We can provide a well-designed website with a tailored plan for Search Engine Optimization and Search Engine Marketing that is ideal for your business and industry. Greynab will work with clients to create Meta Tags and page titles for indexing the site with search engines. After completion, we will be submitting these sites to all major search engines for indexing. Note: Search engines may require 4-6 weeks to authorize site submission.

DELIVERABLES.
